

ORKIN[®] SCENT SERVICES

Scent is the most powerful of our five senses, making it either the biggest asset or biggest threat to your business. Scents can enhance a customer's experience, while odors can penetrate your atmosphere and bring the pests they attract with them. That's why Orkin[®] offers Scent Services and helps control odors.

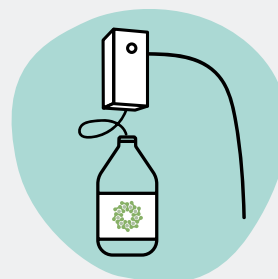

AirRemedy[™]

- ◆ Helps eliminate foul odors, not just mask them.
- ◆ Utilizes cold fusion technology to deliver a dry, invisible vapor of scent.
- ◆ Three sizes available to accommodate your specific needs.
- ◆ Available colors: black (all sizes) and white (small size only)

AirSpa[™]

- ◆ Helps you create a unique identity and distinguish your brand with scent.
- ◆ Enhances customer experience and improves brand loyalty through scent.
- ◆ Three sizes available to accommodate your specific needs.
- ◆ Available colors: black (all sizes) and white (small size only)

Orkin Actizyme[®] Odor Neutralizer

- ◆ Helps eliminate foul odors, not just mask them.
- ◆ All-natural, non-toxic formula breaks down large, malodorous molecules into smaller, odor-neutral molecules.
- ◆ Can be used indoors, outdoors or even in trash chutes within your walls.
- ◆ Can be used with mounted **Trapper** device to be dispensed directly into dumpsters or drains.

Beat the bad smells pests love.
