

## Disinfection You Can Trust

**Bacteria and viruses are bad for business. That's why Orkin<sup>®</sup> offers VitalClean<sup>®</sup>: to help keep operations running smoothly, maintain business as usual and protect your employees and customers from illnesses caused by viruses and bacteria.**

### Orkin VitalClean:

Applied by your expertly trained Orkin Pro<sup>™</sup> with minimal business disruptions; all high-touch surfaces are wiped down before a misting application is applied and left to dry, undisturbed, for 10 minutes.

Uses an EPA-registered disinfectant labeled for use against a wide variety of pathogens, including viruses that cause the flu, common cold and COVID-19\*.

Kills 100% of bacteria and viruses on hard, non-porous surfaces and also sanitizes soft, porous surfaces.\*\*

Rated by the EPA as Toxicity Category IV, their lowest toxicity rating.

Approved for use in commercial or residential kitchens to control bacteria, viruses and mold without the need to wash/rinse the area after application.

Contains no ozone-harming volatile organic compounds (VOCs).

For maximum impact, prepare for your treatment ahead of time by cleaning the target zone (removing dust and dirt), and removing or storing any paper, exposed food or other items that might be damaged from contact with a liquid mist.
