

ORKIN® ODOR CONTROL AND SCENT SERVICES

The Best in Pests™

Odors are an unseen deterrent to your business. They can penetrate your atmosphere, bringing unpleasant smells and the pests they attract to your property. This may result in lost business and fewer repeat customers. No business is immune to odors, which is why Orkin® offers five odor and scent solutions to help keep your environment smelling fresh and clean.

Orkin Actizyme® Odor Neutralizer

- ◆ Helps eliminate foul odors, not just mask them.
- ◆ All-natural, non-toxic formula breaks down large, malodorous molecules into smaller, odor-neutral molecules.
- ◆ Can be used indoors, outdoors or even in trash chutes within your walls.

Orkin® AutoFresh

- ◆ Utilizes odor-neutralizing fragrances that help eliminate foul odors and replace them with pleasant fragrance.
- ◆ Wall-mounted devices are best for smaller spaces, like restrooms and supply closets.
- ◆ Automatically dispenses on a preset frequency.

AromaBeam™

- ◆ Utilizes odor-neutralizing fragrances that help eliminate foul odors and replace them with pleasant fragrance.
- ◆ Discrete wall-mounted devices use dry vapor technology to freshen air without liquids or sprays.

AirRemedy™

- ◆ Helps eliminate foul odors, not just mask them.
- ◆ Can be wall-mounted or connected inline to your HVAC system.
- ◆ Three sizes available to accommodate your business' specific needs.

AirSpa™

- ◆ Enhances customer experience and helps you distinguish your brand through scent.
- ◆ Can be wall-mounted or connected inline to your HVAC system.
- ◆ Three sizes available to accommodate your business' specific needs.

Protect your atmosphere with Orkin Odor Control and Scent Services.
