

# It's great to get extras!

Benefit Extras offers you a variety of programs year-round, each designed to save you time and money.

You have access to special savings exclusively through this workplace program, and can enroll anytime:

- **Auto and Home/Renters Insurance:** Protect two of your most valuable assets — your home and your car. Home insurance covers your belongings, whether you own or rent. In addition to auto insurance, cover your boat, recreational vehicle or motorcycle. Finding the right coverage is easy with the Auto Insurance Quote Comparison Tool on the Benefit Extras website.
- **Total Pet Plan from Pet Benefit Solutions:** Get instant savings on everyday pet care needs. Save on prescriptions, preventatives, food, treats, toys and more, as well as eligible medical services at participating vets, including house calls from mobile vets in the network; easy-to-use with no claim forms or deductibles. Use as an alternative or in addition to pet health insurance.
- **Pet Health Insurance from Nationwide:** Get up to 70% reimbursement for eligible vet expenses related to illness or injury. Optional \$500 wellness coverage is also available. Use any vet, anywhere — no networks or pre-approvals.

Plus, the **Discount Center** offers hundreds of discounts through local and national retailers. Save on food and drink, entertainment, local/tourist attractions, electronics and more. Find additional discounts on local offer purchases through Groupon for even more savings. Deals are updated frequently, so visit the site often.

Also consider **Purchasing Power:** While not a discount program, Purchasing Power can help you get items you need, such as computers, appliances, electronics or furniture, when paying with cash or credit is challenging. Get your product upfront (no waiting or layaway), with no credit checks, down payments or hidden fees. Comes with warranty protection and 24/7 tech support. Simply pay over six or 12 months, directly from your paycheck. Please consider all available options and shop around for what makes the most sense for your budget, based on the urgency of your needs.

As a newly hired colleague, you are eligible for Benefit Extras beginning the first day of the month following your date of hire. Once eligible, you can learn more at [www.CVSHealthBenefitExtras.com](http://www.CVSHealthBenefitExtras.com).\* You will need your CVS Health employee ID to create your account, which you can find on Colleague Zone ([ColleagueZone.cvs.com](http://ColleagueZone.cvs.com)).

\* Please allow up to an additional 30 days to be eligible to register on this site.
