

# Family Building Benefit—support for starting and raising a family.

Are you thinking about starting or expanding your family, currently pregnant, just welcomed a new child, or returning to work?

CVS Health and MinuteClinic are providing **benefit eligible colleagues\*** with access to Maven—**free 24/7 virtual access to quality specialists** all from the comfort of your home.

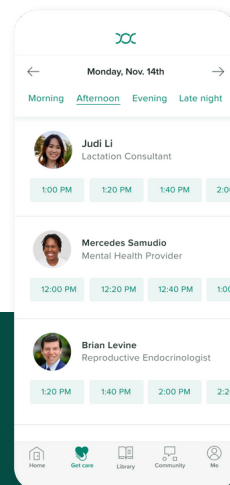

With your free Maven membership, you'll have access to:

- A **personal Care Advocate who serves as a trusted guide** to help you navigate Maven's digital health platform and connect you with specialists throughout your journey
- **Unlimited video chat messages and video appointments** with doctors, nurses and coaches **across 35+ specialties**, including fertility and pediatrics
- Virtual classes and provider-vetted articles-tailored to your journey

## Topics you can receive free consultative support on:

- Fertility
- Preconception
- Egg freezing
- Surrogacy
- Adoption
- Pregnancy
- Lactation support
- Breast milk shipping
- Postpartum care
- Miscarriage and loss
- Return to work
- Career coaching
- Infant sleep coaching
- Mental health resources
- Spouse/partner support

Plus, you can receive **financial reimbursement\*\* for approved eligible expenses** related to adoption, acquisition of donor material, surrogacy, and doula (\$25,000 lifetime max). Getting reimbursed is easy— it's all managed through the Maven Clinic app.

Sign up at [mavenclinic.com/join/CVSHealth](https://mavenclinic.com/join/CVSHealth) or download the Maven Clinic app.

\*Maven is available to CVS Health and MinuteClinic benefit eligible colleagues (work 30 hours or more per week), plus their spouses/partners

\*\*Effective 6/1/24, new hires will have a 1 year wait period before becoming eligible to submit for financial reimbursement.
