Esports and Business Development **ON CAMPUS**

We offer flexible learning to work around your lifestyle. You can study online or on-campus in our purpose-built gaming studios.

During this course you'll learn how to create basic game design using gaming software platforms like Unreal Engine, develop coaching techniques, build an Esports business proposal and find out how you can earn an income in this exciting industry.

Tour local internet cafés and Esport arenas to see how they run and learn how to turn a gaming idea into a successful business proposal.

Our campus-based courses are taught in our purpose built gaming studios.

Learn, grow and change at NZIS

Our goal is to help every single student learn to move ahead. NZIS offers far more than education: We give hope, inspiration and motivation.

Whether you know what you want to study, or have no idea, we'll help you with the tools and support you need to start your journey.

“A lot of people don’t understand the true size of Esports. You’ll learn the scale of the industry and the doors it can open. I’m enjoying learning for the first time in a long time!”
