

FIND YOUR TENNIS BRACELET LENGTH

Use this guide to accurately measure your wrist and find your ideal tennis bracelet length.

STEP 01

Print this page at 100% (actual size) on A4 paper. Do not select “Fit to Page” or “Scale to Fit”.

STEP 02

Confirm printed scale is accurate. To check accuracy, measure the scale bar below to ensure it is exactly 30mm long.

STEP 03

Cut along the dotted line around the measuring strip below. Make sure you cut as close to the edges as possible.

STEP 04

Wrap the measuring strip around your wrist where you would normally wear your tennis bracelet. Ensure the strip is snug but not tight. Note the measurement at the point where the arrow aligns with the number on the scale. This is your ideal bracelet length.

HELPFUL TIPS

Add a length to your wrist measurement for a comfortable, classic fit.

Buying as a gift? If you are unsure, we recommend choosing a longer length.
