The Cuts

American Black Angus

- Weight: 3500lbs-4200lbs
- Source: Specialty farms across the Midwest

“America’s Pride,” “The Steakhouse Classic”

Black Angus is the dominant beef breed in the US. It is known for producing large muscles with abundant marbling resulting in high quality meat. We dry age our Prime grade Black Angus beef in house to maximize its flavor by expelling water from the subprimals and, through enzymatic process, tenderizing the beef from within.

American Wagyu

- Weight: 1500lbs
- Source: Nebraska & Georgia

“The Best of Both Worlds”

American Wagyu is a hybrid of popular domestic American breeds such as Black Angus and Longhorn and the famed Wagyu of Japan. At best we feel that this can offer the best of both worlds -- the bold, muscular meat of American cattle tempered by the rich yet delicate marbling of Japanese beef. We source our all natural American Wagyu from a single producer.

Japanese Wagyu

- Weight: 1300lbs-1200lbs
- Source: Kagoshima & Miyazaki prefecture

“The Sublime,” “The Butter Steak”

Wagyu translates into “Japanese cattle” and beef produced there is the rarest and most expensive on earth. Through diligent breeding and farming practices the Japanese have developed beef with the most abundant marbling of any breed. The resulting meat is astonishingly tender and toothsome, truly a luxury experience.

Our Promise Of Quality.

If any of our cuts do not meet your expectations, our team is committed to making it right.

Only the Pinnacle of Beef

At Cote we are proud to offer the best of the best -- the very pinnacle of beef. Whether we are talking about domestic, hybrid, or imported, we only serve the highest grade of that beef available. Domestically that means Prime grade, which accounts for only 5% of American beef production. Our Black Angus beef has been certified by the US Department of Agriculture to be of the highest standard. Prime beef must be from young cattle and exhibit abundant marbling. We further enhance it by dry aging select cuts in-house, just like an old school steakhouse.

Our imported Japanese Wagyu is even more stringently graded, using the complex Japanese system that takes into account such criteria as muscle conformity, the color of the meat, and the quality & luster of fat. In fact the Japanese use a separate grading system just to measure intramuscular fat (the fat within the muscle) called the Beef Marbling Score (BMS). Things get pretty complicated, but we saved you the trouble — we only source A5, the highest grade.

Whether domestic or Japanese, or something in-between like our American Wagyu, you can be assured that you are getting the finest beef on earth.

Or imported Japanese Wagyu is even more stringently graded, using the complex Japanese system that takes into account such criteria as muscle conformity, the color of the meat, and the quality of fat. In fact the Japanese use a separate grading system just to measure intramuscular fat (the fat within the muscle) called the Beef Marbling Score (BMS). Things get complicated, but we saved you the trouble — we only source A5, the highest grade, with marbling scores of 8 - 12 (the highest grade).

Whether domestic or Japanese, or something in-between like our American Wagyu, you can be assured that you are getting the finest beef on earth.
