

Changemaker Challenge Impact Report

We've always known we have an amazing, compassionate, and dedicated community of young people and educators who are working to make a positive impact in the world. The Changemaker Challenge showcased just how gifted and creative you could be at recognizing and celebrating those around you, who are also showing up and making a difference! **Together, we've raised \$1,000,000 towards continuing large- and small-scale community change projects around the globe.**

Here's a few examples of your impact:

- **Provided school supplies and resources to 200+ K-12 classrooms** across the U.S., support everything from art supplies to anti-racist books, from STEM materials to snacks - totaling \$200,000.

- **Allowed 5,000 students to participate in BUILD's Virtual Design Challenge**, creating solutions to issues like racial equality and COVID-19 relief.

- **Supported 1,800 youth-led change projects** across the globe, through direct-to-youth micro grants.

- **Engaged more than 2,000 youth and 40 educators** to become Redesigners for Justice, gaining the skills to impact issues such as mental health, food insecurity, and racism.
- **Supported grants to Black and Latinx educators** who are designing innovative solutions to educational inequalities.

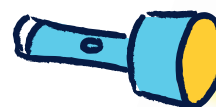

Key numbers

998 teams

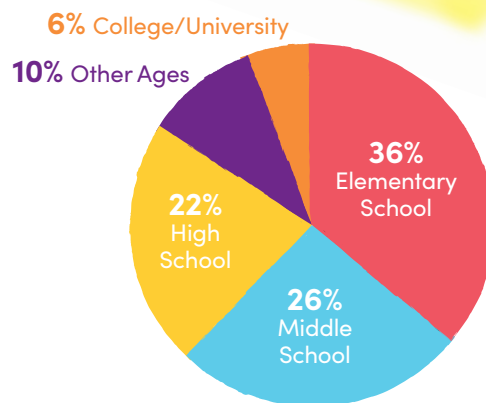

57 participating countries

84,164 participating students

100,000+ changemaker awards

What grade are you in?

students

We received 112,861 awards recognizing good deeds, big and small!

Here's a few of our absolute favorites!

The Changemaker Awards Show!

On June 4th, 2021, teams all over the world gathered to watch the [Changemaker Challenge Awards](#) live online! A celebration and closing to the Challenge, an [elementary episode](#) and a [middle-high school episode](#) honored and recognized all of your creative and thoughtful hard work, with some fun twists and unique content, too!

We offered team shout outs to some of our most creative and highest performing teams, featured *your* art throughout the shows, and gave away a total of \$5,000 to three student and two educator changemakers. Emcees [Natty Carrizosa](#) (and her son [Judah!](#)) helped express our excitement and two youth musical performances helped close the shows with our biggest culmination audience ever. We can't wait to broadcast more celebrations live!
