**Domestic:** A transaction occurring when both the sender and receiver are registered with or identified by PayPal as residents of the same country/territory.

**International:** A transaction occurring when the sender and receiver are registered with or identified by PayPal as residents of different countries/territories. Certain countries are grouped together when calculating international transaction rates. For a listing of our groupings, please access our [Country/Territory Grouping Table](#).

International euro (EUR) or Swedish krona (SEK) transactions where both the sender and the receiver are registered with or identified by PayPal as resident in the European Economic Area (EEA) are treated as domestic transactions for the purpose of applying fees.

**Country Code Table:** We may refer to two-letter country/territory codes throughout our fee pages. For a complete listing of PayPal country codes, please access our [Country Code Table](#).

# Buying with PayPal

It's free to use PayPal to pay for a purchase or any other type of commercial transaction unless it involves a currency conversion.

## Online or in-store

Rate
No Fee (when no <a href="#">currency conversion</a> is involved)

# Selling with PayPal

When you buy or sell goods or services, make any other commercial type of transaction, send or receive a charity donation or receive a payment when you "request money" using PayPal, we call that a "commercial transaction".

For the listings of selling rates, please visit our [PayPal Merchant Fees Page](#).

# Sending and receiving money

When you send money (initiated from the “Friends and Family” tab of the “Send Money” flow) to, or receive money into your PayPal account from, friends and family without making an underlying commercial transaction (that is, the payment is not for the purchase of goods or services or for making any other commercial transaction), we call that a “personal transaction”.

The rates relating to personal transactions are set out below.

## Sending domestic personal transactions

Rate
No fee (when no <a href="#">currency conversion</a> is involved)

## Sending international personal transactions by UK, GG, GI, JE, and IM users

Rate	Minimum/Maximum
<b>5.00% of the transaction amount</b>	The minimum fee is 0.99 GBP and the maximum fee is 2.99 GBP

**Fees charged in different currencies for sending payments:** We will collect the fee from balance in the currency in which the fee is payable. ## Receiving personal transactions

Rate
No fee (when no <a href="#">currency conversion</a> is involved)
