1. Introduction

1.1. This Price List sets out the Charges for the Wholesale Services and Ancillary Services at the date the Wholesale Service Agreement takes effect and provides a mechanism to make any adjustments to the Charges.

1.2. References to the Operations Manual are references to the relevant Operations Manual for a Wholesale Service. The operational requirements for each Wholesale Service are set out in the Operations Manual.

1.3. References to clauses or sections are references to clauses or sections in this Price List unless expressly provided otherwise. The definitions set out in the General Terms and the Operations Manuals apply to the extent that they are not expressly modified by or inconsistent with the context of this Price List.

1.4. Definitions

In this Price List:

Ancillary Charges are the charges for the Ancillary Services set out in Appendix 3.

Charges means Ancillary Charges, Recurring Charges and Transactional Charges as the context requires.

Complex CPE means any CPE noted in a list of complex CPE that will be prepared by the LFC and made available to the Service Provider based on equipment submitted for inclusion by Service Providers; the LFC may update the list of complex CPE from time to time in its absolute discretion.

Core Charges means Transactional Charges and the Recurring Charges.

Service Provider On Boarding Process means the process for set up of a new Service Provider involving the establishment of commercial relationships, co-location, OSS/BSS interfaces, interconnection links and layer two interoperability.

Simple CPE means any CPE noted in a list of simple CPE that will be prepared by the LFC and made available to the Service Provider based on equipment submitted for inclusion by Service Provider. The LFC may update the list of simple CPE from time to time at its absolute discretion.

Recurring Charges are the monthly recurring charges for Wholesale Services set out in Appendix 2.

Transactional Charges are charges (primarily for one-off activities) in respect of specific Wholesale Services that are set out in Appendix 1.

Commercial Miscellaneous Ancillary Service Charges are charges for the Ancillary Services outside the scope of the UFB arrangement as set out in Table B of Appendix 3.

2. Charges

2.1. The Recurring Charges for part months are pro rated based on the actual days in the applicable month.

2.2. The services referred to in Appendix 3 are the Ancillary Services.

2.3. Transactional Charges and Ancillary Charges can be either:

2.3.1. fixed; or

2.3.2. calculated on a fixed hourly rate (plus materials where applicable); or

2.3.3. expressed as "price on application" (**POA**) to reflect the underlying cost of providing the resources and project management skills required to provide the service.

2.4. For all POA price items, LFC must, if requested by the Service Provider, use all reasonable endeavours to provide the Service Provider with two or more competitive quotes.

2.5. Charges will become due and payable and will be invoiced in the manner described in the Appendices, subject to the provisions in the General Terms relating to invoicing and payment of Charges.

2.6. All prices in this Price List exclude GST.

3. Adjustment to Charges

3.1. The adjustments to the Charges set out in this clause 3 are in addition to the rights to adjust the Charges as set out in clause 24 of the General Terms and the adjustment mechanism identified, if any, in the column “Price Change Mechanism” is in addition to such adjustment rights.

3.2. **[Not used]**:

3.3. [Not used]

3.4. The LFC may adjust the Charges in the column "Price Change Mechanism" and identified as “3.4” at the LFC’s discretion (and without requiring any approvals under this Price List) on 30 Business Days’ notice to the Service Provider.

3.5. Subject to the methodology in Appendix 6, the LFC may amend any Ancillary Charge which are POA to a fixed price on 60 Business Days’ notice to the Service Provider. If the LFC provides a fixed price, it will also specify the applicable Price Change Mechanism.

3.6. PONFAS price change methodology Charge will mirror current L2 reference offer for both standard and non-standard connections.

4. Early Termination Charges

4.1. Each Wholesale Service is subject to a Minimum Service Term.

4.2. If:

4.2.1. a Service Provider terminates or otherwise relinquishes a Wholesale Service prior to the expiry of the applicable Minimum Service Term (other than where the Service Provider has terminated the Agreement or the applicable Service Order in accordance with clause 22.1 of the General Terms); or

4.2.2. the LFC terminates the supply of a Wholesale Service prior to the expiry of the applicable Minimum Service Term in accordance with clause 22.1 of the General Terms,

and that Wholesale Service is or was the first Wholesale Service to be provided to the relevant End User Premises, Service Provider Premises or NBAP (as applicable) using the LFC Network (an **Early Termination Event**) then early termination charges (**Early Termination Charges**) may be payable by the Service Provider.

4.3. This section 4 sets out when Early Termination Charges are payable by the Service Provider and how those Early Termination Charges are calculated.

4.4. The LFC may, at its discretion, elect to waive Early Termination Charges that become payable by the Service Provider.

General Rule

4.5. Except as expressly stated in the General Terms or provided for below in respect of:

4.5.1. “Residential Install Services”;

4.5.2. “Qualifying Services”;

4.5.3. “No ETC Services”;

4.5.4. “Primary Service Provider Terminations”, and

4.5.5. PONFAS Services.

(as defined below), in the event of an Early Termination Event, the LFC may require the Service Provider to pay to the LFC Early Termination Charges equal to the Charges that would have been payable by the Service Provider for the supply of that Wholesale Service had the supply continued until the end of the Minimum Service Term.

Residential Install Services

4.6. For the purpose of this Price List a “Residential Install Service” means:

4.6.1. Baseband when ordered as a standalone voice only service in greenfields:

4.6.2. the following Bitstream 2 Service variants (where they are being supplied to a Residential Connection):

4.6.2.1. 30 Mbps down / 10Mbps up (CIR 2.5Mbps symmetrical) Appendix 2 item 1.1 Bitstream 2 template 1;

4.6.2.2. 30 Mbps down / 10Mbps up (CIR 2.5Mbps symmetrical plus 7.5Mbps down) Appendix 2 item 1.2 Bitstream 2 template 2;

4.6.2.3. 30 Mbps down / 10Mbps up (CIR 5Mbps symmetrical) Appendix 2 item 1.3 Bitstream 2 template 3;

4.6.2.4. 100Mbps down / 50Mbps up (CIR 2.5Mbps symmetrical plus 7.5Mbps down) Appendix 2 item 1.4 Bitstream 2 template 4; and

4.6.3. any other variants of Bitstream 2 or Bitstream 2 Accelerate Services for which the Standard Install is provided without charge by the LFC (as specified in the Price List).

4.7. If a Residential Install Service is subject to an Early Termination Event, then the LFC may require the Service Provider to pay the LFC Early Termination Charges equal to the remaining number of months (or part months) in the Minimum Service Term multiplied by the then lowest monthly charge for a Bitstream 2 Service.

4.8. For example, if at 1 July 2012 a Service Provider terminates a residential 100Mbps down / 50Mbps up Bitstream 2 Service (priced at $55 per month), which is 6 full months into a Minimum Service Term of 12 months, the LFC may require the Service Provider to pay an Early Termination Charge of 6 times $37.50 (being the remaining 6 months multiplied by the then lowest monthly charge for a Bitstream 2 Service.)

Qualifying Services

4.9. For the purpose of this Price List a “Qualifying Service” means the following Wholesale Services:

4.9.1. any Bitstream 2 or Bitstream 2 Accelerate Service that is not a Residential Install Service;

4.9.2. all Bitstream 3 or Bitstream 3 Accelerate Services; and

4.9.3. all Bitstream 3A or Bitstream 3A Accelerate Services.

4.10. If a Qualifying Service is subject to an Early Termination Event, then, subject to clause 4.4, the LFC may require the Service Provider to pay the LFC Early Termination Charges equal to the remaining number of months (or part months) in the Minimum Service Term multiplied by the then lowest monthly charge for a Bitstream 2 Service.

4.11. For example, if at 1 July 2012 a Service Provider terminates a 100Mbps / 100Mbps Bitstream 3 Service (priced at $175 per month), which is 6 full months into a Minimum Service Term of 12 months, and clause 4.4 does not apply, the LFC may require the Service Provider to pay an Early Termination Charge of 6 times $37.50 (being the remaining 6 months of the Minimum Service Term multiplied by the lowest monthly charge for a Bitstream 2 Service.)

4.12. The LFC will waive the Early Termination Charge specified in clause 4.10 if the Qualifying Service is terminated within the Minimum Service Term and another Service Provider commences taking a Wholesale Service from the LFC (for which the LFC will be paid a Charge equal to or greater than the terminated Qualifying Service) for the same Premises (or End User Tenancy in the case of an MDU) at the time the Service Provider terminates the Qualifying Service.

No ETC Services

4.13. For the purpose of this Price List a “No ETC Service” means the Bitstream 4 Service (all variants), the Direct Fibre Access Service, the Bandwidth Fibre Access Service, the Intra Candidate Area Backhaul Service and the Jumpering Service.

4.14. If a No ETC Service is subject to an Early Termination Event (pursuant to a Service Provider’s termination) and the Service Provider complies with the notice periods relating to that termination set out in the General Terms, then the LFC will not levy any Early Termination Charge in respect of the unexpired portion of the Minimum Service Term.

Primary Service Provider Terminations

4.15. If the LFC ceases to provide a Wholesale Service pursuant to clause 9.3(c) of the General Terms because the Service Provider has not become the Primary Service Provider in accordance with clause 9.3(c) of the General Terms, then the LFC will not levy any Early Termination Charge in respect of the unexpired portion of the Minimum Service Term of the Wholesale Service terminated pursuant to clauses 9.3 (c) and 9.3(d) of the General Terms.

PONFAS Distribution Services

4.16. If a PONFAS Distribution Service is subject to an Early Termination Event, then, subject to clause 4.4, the LFC may require the Service Provider to pay the LFC Early Termination Charges equal to the remaining number of months (or part months) in the Minimum Service Term multiplied by the monthly charge for a PONFAS Distribution Service.

APPENDIX 5 – METHODOLOGY FOR AMENDMENT OF ANCILLARY CHARGES

1. This Appendix 5 sets out the processes and methodologies that Chorus will use when amending Ancillary Charges. This is for information purposes only and does not constitute binding legal obligations between Chorus and the Service Provider.

2. Where the LFC adjusts the Ancillary Charges, it will:

   2.1. Where the change is as a result of input costs to an Ancillary Charge in the column "Price Change Mechanism" and identified as "clause 3.2.2", it may only increase such an Ancillary Charge if:

      2.1.1. the input costs, following the adjustment, are market competitive (or lower);

      2.1.2. the arrangements between the LFC and the Contractor are on arm's length terms; and

      2.1.3. if the LFC has used reasonable commercial endeavours:

         a) ensure that the Ancillary Service is performed efficiently and that the resources and costs relating to the Ancillary Service are minimised to the maximum extent practicable; and

         b) to avoid any increase in costs.

   2.2. When adjusting the Ancillary Charges in the column "Price Change Mechanism" and identified as " 3.2.1", the LFC must also review all Ancillary Charges which are POA and provide a fixed price where this is practicable. If the LFC provides a fixed price, the:

      2.2.1. fixed price must be market competitive (or lower);

      2.2.2. LFC must use reasonable commercial endeavours to ensure that the relevant Ancillary Service is performed efficiently and that the resources and costs relating to the Ancillary Services, and the fixed price, is minimised to the maximum extent practicable; and

      2.2.3. LFC shall specify the applicable Price Change Mechanism.

   2.3. Once an adjustment has been calculated under Charges in the column "Price Change Mechanism" and identified as "3.2.1" or "3.2.2" or under clause 2.2 of Appendix 5, the LFC must give notice to Service Providers of the adjustment. The notice must include:

      2.3.1. a description of the adjustment made; and

      2.3.2. the reason for the increase or decrease;

   2.4. Any adjustment to an Ancillary Charge calculated under "3.2.1" or "3.2.2" or clause 2.2 of Appendix 5 will take effect no less than [60] Business Days after notice is given to Service Providers.
