## Creative Writer

Creative writers are people who write for advertisements, books, magazines, movie and television scripts, songs, and online publications.

When we had an author come to speak to our class, I was interested in learning more! I have added it to my portfolio because I think I would like to try and be a creative writer!

I am happy to hear Ben Mackenzie's talk was so influential. What additional information have you learned since exploring this occupation?

Mrs Morin • 18 days ago

I learned that creative writing can be a part of advertisements, I see on TV. They make people laugh, and seems really cool!

I am learning the piano. I have a piano teacher that I see two times a week. The new song I learned was from the Lion King, and I presented it to the class. They clapped, and I think the song went well. I played all of the notes, and the timing was good.

Create a Grocery Shopping List

## Action Plan

- ✓ Answer what is a budget
- ✓ Why would someone want to build a budget

This budget was from math class. We had to take a look at what people spend their money on, and why when they go grocery shopping would they pick out items. We had to take a look at our list, and what influenced our grocery list. How did our budget affect our grocery list. It was a cool project because I didnt know what a budget was, and it would be really hard to shop and make sure you budget.

I look forward to seeing you check off all your tasks as you work through the problem with your group! Please explain when shopping, what makes you want to buy a product?

Mrs Morin • 18 days ago

When shopping I like to pick out things that are for kids, with my favourite cartoon on the outside of the package. I also like to pick the fresh colourful vegetables with my parents!

# Character Reflection

📌 Book Study, Character, Language Arts, Reflection

I think that Auggie is a really strong character. He goes through a lot in the book. It shows that everyone has their own troubles, and it can be below the surface, or above. When Auggie first started at school it was hard to make friends, but he always stayed true to himself. I liked his teacher because he was really nice. Auggie is the main character, and the book is told in his point of view. He has a sister who is like a best friend to him, and is able to give him advice on how to make friends for the first time at school.

Great character reflection! We will be discussing in small groups about what a characteristic is using examples from our independent reading books. What is the most prominent characteristic that you will use to explain Auggie to your group?

Mrs Morin • 9 months ago

Audio recording of our group discussion about Auggie. I said that his biggest characteristic was his bravery because of all the problems he has to go through. Jennifer is going to read the book after me because she said Auggie sounds like a fun character. He is always making jokes, and pretending to be an astronaut.

Yes

My favourite subject is drama because I like to pretend to be a character. We did a play last year at school. It was beauty and the beast. I played Gaston, and it was so much fun! I can't wait for drama class this year.

We have a great Drama unit coming up next month! What is something you look forward to learning about in Drama? Is there any play that you would like to suggest the school to produce next year?

Mrs Morin • 18 days ago

I would like to do the play Beauty and the Beast. It has a lot of great songs our music class could learn. I want to learn how to pretend to hold objects in my hand and pass it along. We played that game last year and it was too hard for me to pretend. I think this year will be better!

How I learn

## Doing activities

Yes

I like to be able to play, and do activities then sit at my desk. It's really fun when my teacher lets us do activities as we learn. I really like anything that we can move and get out of our seats. My teacher has allowed me to use an exercise ball as a seat so I can move around when I want to. I learn much better this way.

Is there anything that helps you learn that is missing? Or anything you would like to see added to the class to help you learn?

Mrs Morin • 18 days ago

I like group activities so I can watch and learn from other people too. Sometimes they have a different idea than me, and it helps me learn to hear them explain it.

Yes

I really like playing outside, and being able to run around. My friends and I always play soccer because it is easy to get started. Sometimes we can get the whole class playing soccer at recess. That is really fun! I think I am good at playing sports, and I really like playing sports so I practice. I really like all of the different sports and games that we play in gym class.

Excellent personal goal Xin! Please reflect on how your tasks are going? Are you having any trouble reaching your goal, or is there something you would like to change about your goal before try-outs?

Mrs Morin • 3 minutes ago

I have played with my friends at recess, and I like to practice shooting on the net. I am having trouble with passing the ball to another person. I have added this to my goal and hopefully it will help me make the soccer team!
