

The Forwards Plan

For the student who is unsure what they want to pursue after high school

Step 1: High School Plan

Create a full high school plan that meets all graduation requirements based on your interests. Not sure what to add? Check out the Knowledge Survey to learn more about which courses are a good match for you!

Grade 9 Completed	Grade 10 Current Year	Grade 11 Next Year	Grade 12 Plan Ahead
English ENG1D • 1 Credit • 83%	English ENG2D • 1 Credit	English ENG3U • 1 Credit	English ENG4U • 1 Credit
Principles of Mathema... MPM2D • 1 Credit • 78%	Principles of Mathema... MPM2D • 1 Credit	Functions MCF3U • 1 Credit	Advanced Functions MVF4U • 1 Credit
Science SNC2D • 1 Credit • 87%	Science SNC2D • 1 Credit	Information and Com... ITS2D • 1 Credit	Calculus and Vectors MCH4U • 1 Credit
Geography of Canada GOC1L • 1 Credit • 81%	Canadian History since... CHC2D • 1 Credit	Physics SPH3U • 1 Credit	Physics SPH4U • 1 Credit
Visual Arts AVO1D • 1 Credit • 85%	Career Studies/Civics CLC2D/CHC2D • 1 Credit	Introduction to Comp... ICS1U • 1 Credit	Computer Science ICS4U • 1 Credit

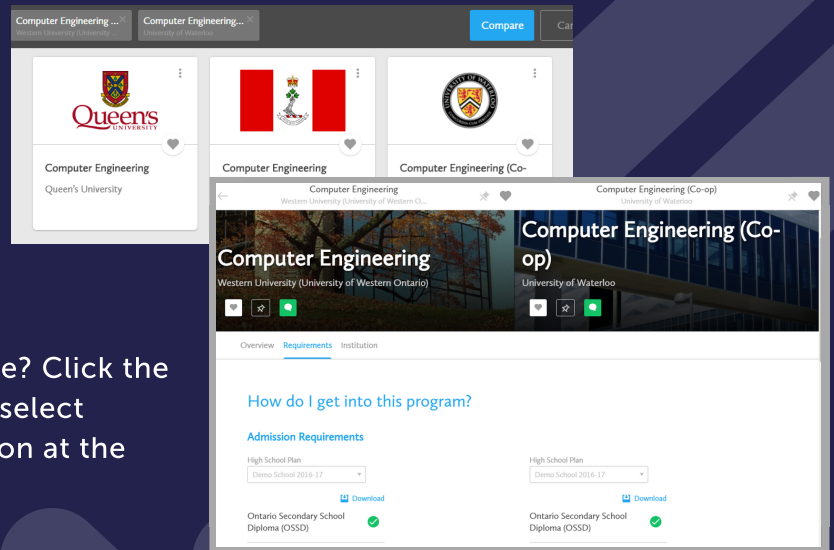

Graduation Progress		
22 Planned	8 Earned	30/30 Required
Options		
Compulsory 18/18 Credits		
4 Credits in English (1 credit per grade)	1	4/4
1 Credit in French As a Second Language	1	1/1
3 Credits in Mathematics (at least 1 credit in grade 11 or 12)	3	3/3
2 Credits in Science	2	2/2
1 Credit in Arts	1	1/1

Pathway Eligibility

Apprenticeship	159
College	4585
Community Living	View
University	3123
Workplace	133

Step 2: Pathway Eligibility

Check out the Pathway Eligibility Indicator for a list of all post-secondary opportunities across Canada that you are eligible for based on the courses in your plan. Click on the number beside your pathway of interest (apprenticeship, college, etc.) to see the list of programs.

The screenshot shows a list of programs under the heading 'Computer Engineering'. It includes a 'Compare' button and a list of programs with heart icons to add them to favourites. Below the list, a detailed view of a 'Computer Engineering (Co-op)' program is shown, including admission requirements and a 'How do I get into this program?' section.

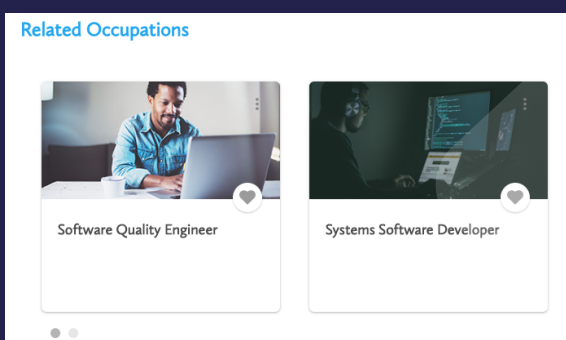

Step 3: Programs of Interest

Browse the opportunities to find a program of interest. Click on the heart to add to your favourites and the program name to learn more.

Want to compare two programs side-by-side? Click the three dots to the right of the programs and select Compare, then click the blue Compare button at the top of your screen.

Step 4: Related Occupations

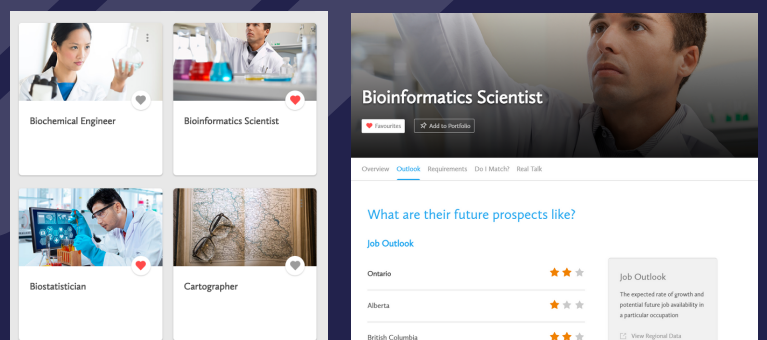

Review the post-secondary details to make sure it's a good match. Scroll to Related Occupations and click View More.

The screenshot shows a section titled 'Related Occupations' with a grid of job cards. Each card features a photo of a person in a professional setting and the job title: 'Software Quality Engineer' and 'Systems Software Developer'.

Step 5: Favourite Occupations

Explore the various occupations you can get into, should you complete the program of interest. Add a heart to add to your favourites.

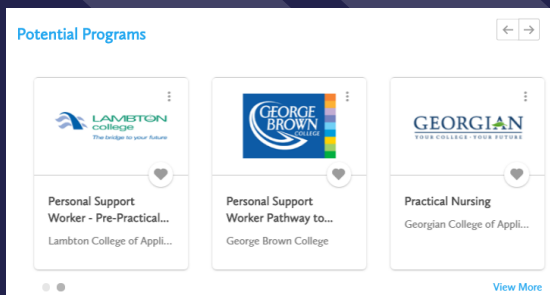

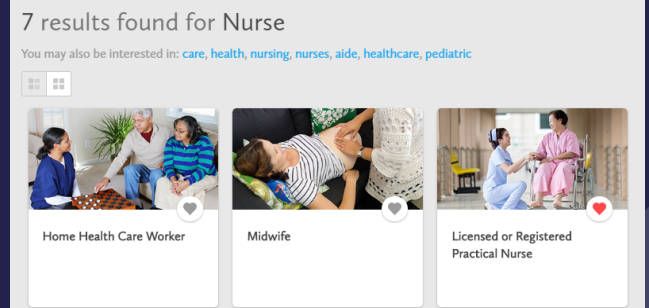

The screenshot shows a section titled 'Favourite Occupations' with a grid of job cards. Each card features a photo of a person in a professional setting and the job title: 'Biochemical Engineer', 'Bioinformatics Scientist', 'Biostatistician', and 'Cartographer'. Below the grid, a detailed view of a 'Bioinformatics Scientist' program is shown, including a 'Job Outlook' section with a star rating and a description of the expected rate of growth and potential future job availability.

The Backwards Plan

For the student who knows exactly which occupation they want to pursue after high school

Step 1: Occupation Search

Click Work and then Occupations from the left-hand navigation to search for the occupation. Click on the heart to add to your favourites and the job title to learn more.

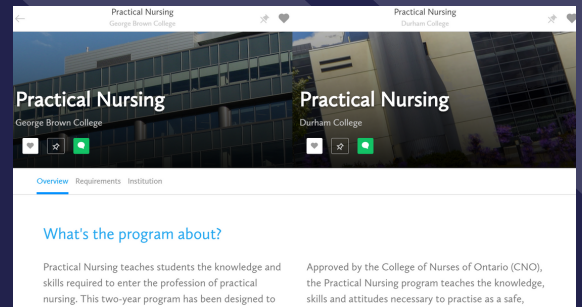

Step 2: Required Education

Click Requirements and make note of the required education and additional requirements to get into the field. Scroll to Potential Programs and click View More.

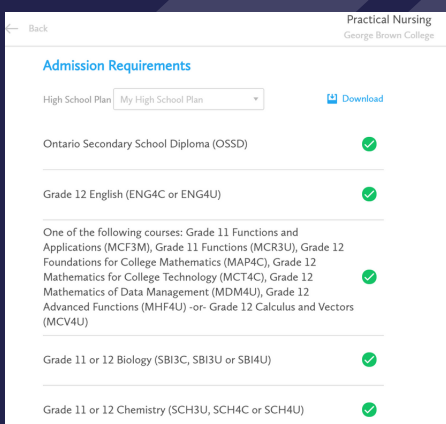

Step 3: Programs of Interest

Scroll through to find a program you are interested in, click on the heart to add to your favourites, and click on the title to learn more. Want to compare two programs side-by-side? Click the three dots to the right of the programs and select Compare, then click the blue Compare button at the top of your screen.

Step 4: Required Courses

Click Requirements and make note of any courses that are not met by your existing High School Plan (they will be greyed out).

Step 5: High School Plan

Go to High School and add any missing courses to your high school plan.
