

TITAN™ Series

TT-140-B

Titan™ Series of Reinforced Plastic Shopping Carts, engineered for unmatched durability, performance, and customer satisfaction.

FEATURES & BENEFITS

- structurally **reinforced frame** with oval steel tubing ensures long-lasting performance.
- **triple-layer coating protection:**
 - E-Coat: Prevents rust and ensures better adhesion.
 - Powder Coat: Protects against scratches and wear.
 - Polycarbonate Shell: Reinforces high-impact areas.
- synthetic front casters with **precision bearings** for smoother maneuvering.
- **SuperWheels** — 6" rear and 5" front, for a balanced, smoother ride.
- integrated **caster lifts** prevent flat spotting & improve nested cart handling, reducing strain on employees.
- silent synthetic wheels and **majority plastic construction** minimize noise during use.
- built-in handlebar dashboard features **cup holder, phone tray, & ergonomic handle** for enhanced customer experience.
- **UV-resistant** polymers prolong life of basket, handle, and dashboard plastic components.
- unique **oval pattern** design offers superior strength, easier cleaning, and a sleek, modern appearance.
- built-in integration with QuickTrack **GPS tracking** technology to minimize cart loss and improve fleet management.

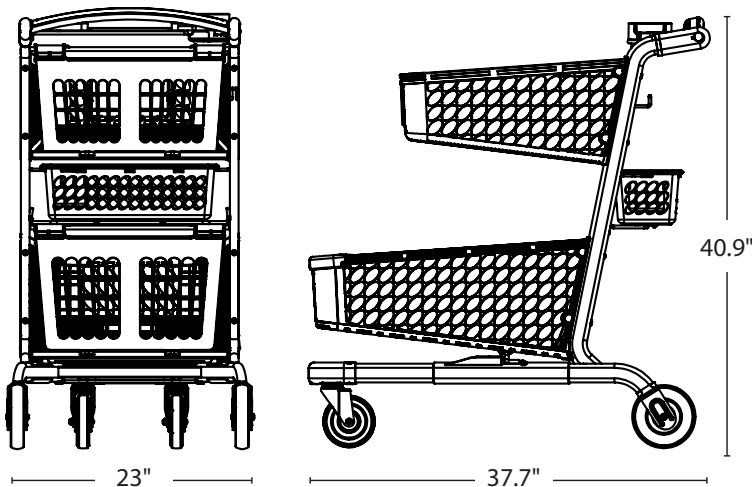

SPECIFICATIONS

length	37.7 in
width	23 in
height	40.9 in
weight of cart	50 lb
nesting distance	7.4 in
basket capacity	7,202 cu in
shopping capacity	10,083 cu in
item number	104-140-B
wheel description	5 in front; 6 in rear
brakes	no

OPTIONS

- frame color: black
- basket color: dark grey
- custom colors: PMS match with 300pc min. order
- custom branding: full color logo strip, logo panels
