My instructor was great being able to put scenarios into real world instances that related to my specific situation.

I was made to feel welcome from the moment I arrived and the ability to sit as a group outside the classroom to discuss our situations and our goals was extremely valuable.

I learnt a lot and felt it was important that my goals by attending this course were met.

Great job Lumify Work team.

WHO IS THE COURSE FOR?

A Learn Unlimited Subscription is ideal for anyone looking to start their cybersecurity journey or work through all of OffSec's advanced-level courses. Having access to labs for one full year allows the flexibility to balance life and learning while reducing stress and time pressure on students.

PREREQUISITES

- IT and Networking fundamental understanding is strongly recommended
- Students must be at least 18 years old and have a valid ID to take a course. There are limited exceptions, with rigorous application checks for younger students who wish to apply.
- For hardware, we recommend a minimum of 4 GB of RAM installed with at least a dual-core CPU and 20 GB of free hard drive space.
- The lab connection is done with OpenVPN using Kali Linux. You should use a stable, high-speed Internet connection to access the labs, not mobile internet (3G/4G/5G data connection).

The supply of this course by Lumify Work is governed by the booking terms and conditions. Please read the terms and conditions carefully before enrolling in this course, as enrolment in the course is conditional on acceptance of these terms and conditions.
