 - Adding to Favourites
- Task Manager
- Organising Windows
 - Moving between open Windows
 - Use two or more Apps at the same time
- Touch Tips

Target Audience:

This course is designed for people who need to know and understand how to use the Microsoft Windows 8.1 operating system software.

Prerequisites:

This course assumes little or no knowledge of Windows 8.1. However, it would be beneficial to have a general understanding of personal computers and how a Windows operating environment works. Some knowledge of how to use a touch screen computer is necessary.

We can also deliver and customise this training course for larger groups – saving your organisation time, money and resources. For more information, please contact us on 1800 853 276.
