SAP AT LUMIFY WORK

Develop your SAP empowered employees with Lumify Work. Getting the right skills in place maximises the chance of project success and removes risk. Lumify Work provides a select range of SAP training courses for SAP S/4HANA, SAP HANA, SAP BusinessObjects and more. Lumify Work can work with you to navigate the curriculum and help you create a learning plan that will ultimately boost technology proficiency across your organisation.

WHY STUDY THIS COURSE

This highly interactive three-day course will give you knowledge on how to use agile techniques in SAP projects.

This course offers great balance between theoretical knowledge and practical exercises on project case studies to allow students to gain a higher understanding of how to use agile techniques on SAP projects. Participants will not only learn a wide range of concepts, but will have the opportunity to practice them in a safe and informative classroom environment.

This course complements agile courses from other providers, such as Scrum Master Certified (SMC) and/or PMI-ACP training.

WHAT YOU'LL LEARN

This course will prepare you to:

› Learn about the SAP Activate methodology in agile implementation techniques in SAP projects

› Apply Agile techniques in projects through project use cases and simulations

SAP Agile Project Delivery (ACT200)

> My instructor was great being able to put scenarios into real world instances that related to my specific situation.
>
> I was made to feel welcome from the moment I arrived and the ability to sit as a group outside the classroom to discuss our situations and our goals was extremely valuable.
>
> I learnt a lot and felt it was important that my goals by attending this course were met.
>
> Great job Lumify Work team.
