SAP Activate Methodology (ACT100)

- › Implementing on-premise solutions
- › During System Conversion to S/4 HANA
- › During Landscape Transformation to S/4 HANA
- › Outline how the SAP Activate methodology compares to SAP Launch methodology and ASAP8

My instructor was great being able to put scenarios into real world instances that related to my specific situation.

I was made to feel welcome from the moment I arrived and the ability to sit as a group outside the classroom to discuss our situations and our goals was extremely valuable.

I learnt a lot and felt it was important that my goals by attending this course were met.

Great job Lumify Work team.
