Cut the yarn by inserting the scissors into the slit on the side of the pom pom maker and cut around both arcs.

Step three

Insert a piece of yarn in the slit on the side of the pom pom maker and tie in a tight double knot.

Step six

Repeat this process until you have enough pom poms to fill the wreath. We recommend that you make 15 small and 15 large pom poms.

Step seven

Tie the pom poms around the heart shaped wreath using a double knot.

Step eight

Continue to tie the pom poms around the wreath base until a full heart shaped is formed.

Step nine

When you have finished tying all the pom poms to the wreath base, turn it over and cut off all the excess yarn ties.

Step ten

To hang your wreath, use the ribbon to tie a larks head knot around the top of the wreath base.

Step eleven

Hang your finished wreath on your front door or display inside as a cute home decoration!
