### WASHING ADVICE

Always wash in as warm a water temperature as possible - up to the temperature recommended, with a short spin. Use a lot of water if hand washing. For darker colours we recommend the use of discolouration sheets.  
Do not bleach.  
Do not tumble dry. Drip-dry on a horizontal surface.  
Iron on a hot temperature setting using a damp cloth.  
Professional dry cleaning in tetrachloroethylene.  
Do not use optical brighteners (or any detergent containing optical brighteners). We recommend to use a softener to preserve the natural softness of the yarn.
