

How to...

Make a Felt Poppy

You will need:

1 x felt sheet in red - **AF01\29**

1 x felt sheet in green - **AF01\15**

1 black button - **G48524**

Optional:

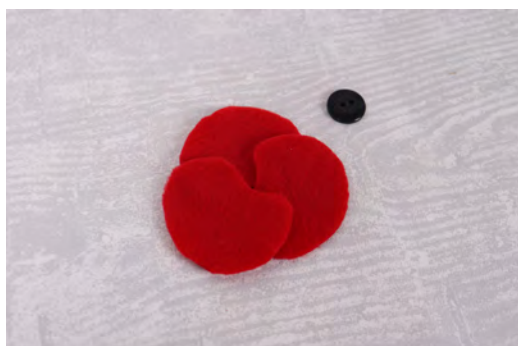

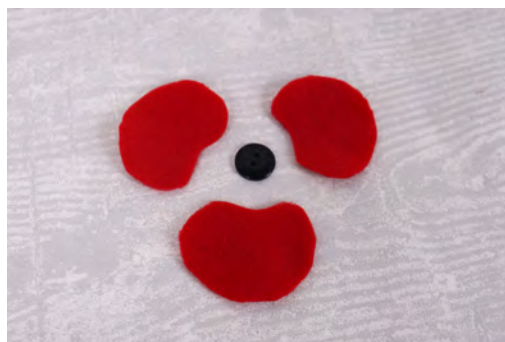

Brooch pin - **667684**

Templates - See page 3

Step one

Using the templates, cut out three petals from the red felt sheet and cut out two leaves from the green felt.

Step Two

Lay out the petals. Take one petal and overlap it with another so that all the petals fit nicely together.

Step three

Take some thread and stitch the petals together around the centre, with the same thread stitch the leaves onto the back of the poppy.

Step four

Finally, take your button and stitch it onto the centre of the poppy. You could then add on a brooch pin to finish your poppy.
