Additional Information

Please note that these dates are subject to change without notice. It is recommended to confirm the details of any training with your Uni-Select representative or host store manager before making arrangements.

The training will be held at the stores for both lunch and learns and the ASP training in the evenings. If there is not enough room to accommodate the ASPs, please find a location that will be suitable for everyone.

There are no fees associated with all the supplier training nor for the Bumper to Bumper Academy training unless otherwise specified. For the lunch and learns the suppliers will be offering lunch to the staff present. (In person)

Bumper to Bumper Academy or any other technical training provider will not be responsible for any costs such as meals, location rentals or other costs incurred, that is entirely up to the store.

The Bumper to Bumper Academy trainings are not lunch & learns unless otherwise specified. The courses last approximately 3.5 hrs. Therefore, they need to be done in the evenings or during the day.

The trainers will need a large screen with a projector or television with a HDMI cable for the presentation.

The evening courses should not exceed 25 ASPs and all counter/salespeople may attend and generally last approximately 3.5 hrs.

All the dates are fixed and cannot be moved if the dates do not correspond with the stores availability the course will be canceled.

Any questions?
