[8] ADDITIONAL TECHNICAL INFORMATION FOR LIVE PROGRAMMES
 (Note: Deliverables outlined in parts [1]-[7] are also required for live programmes)

| | | |
|--|--|--|
| For all live programmes, contact should be made with ITV Connectivity well in advance of transmission. | connectivity@itv.com | |
|--|--|--|

Production companies providing live programming to ITV need to ensure their production has received technical sign-off by ITV at the start of the planning process for such programme. This is to ensure the technical design and route of delivery from source to destination is technically achievable and meets ITV's expectations. Documentation for sign-off should be submitted to ITV Connectivity for processing at the production planning stage. Formal technical signoff should be received from ITV prior to entering into any contractual arrangements with third party providers and well in advance of circuits being booked. All live programmes should meet the technical requirements outlined in the document ITV Live Programme Delivery Specification.
