LP FOUNDATION NASHVILLE GRANTS PROCESS

At LP, we build better solutions because we all need a place to call home, one that stands up to storms, wind, heat, and the test of time. We build better for a safe place where families can grow, create memories, and build their legacy. We build better because our success is measured not only by the homes we help build, but also by the communities and lives we touch. At LP, we're Building a Better World™.

We believe in Building a Better World™ by supporting the communities where we live and work. Our teams share their time and expertise to help build strong communities and provide help where it is needed most.

Grants & Sponsorships

The LP Foundation supports 501(c)(3) nonprofit organizations and public schools that fall within our giving areas, including:

- **Housing:** Building affordable homes for those in need, in and around our communities
- **Environment:** Protecting ecosystems and supporting resilient, biodiverse forests
- **Fostering Future Talent:** Creating inclusive programs to attract and develop the next generation of diverse manufacturers, foresters, and construction tradespeople

Grants will not be awarded to individuals, fraternal organizations, political organizations, sports team, churches, religion organizations, or private schools. They cannot be used for sport programs, national health organizations unless it's their local chapter, animal programs, or capital or building fund campaigns.

A Board of Trustees review grant requests once annually. Grants are approved based on merit and alignment with our giving areas. It's a competitive process, and not all requests are funded or fully funded every year.

Each calendar year, grant and sponsorship proposals are due by March 31 of that year. LP grants are normally awarded in May or June.

We like to see our nonprofit partners spend time on their mission rather than be bogged down by grant proposals, so our grant application process is simple.

Please email the following items to LP.Foundation@lpcorp.com before the annual March 31 deadline:

- Completed Grant Application Form
- 501(c)(3) determination letter (unless you are a public school)
- Latest audited financial statement (if you are required by law to have one)

Please submit all funding requests for the year—grants and/or event sponsorships—before the March 31 deadline. We process requests only once per year.

During the grant application review process, you may be invited to make a short presentation to the LP Foundation Board of Trustees, normally in April.

If you have additional questions, please contact the [LP Foundation](#).
