

## ONE PORTFOLIO. TWO DISTINCT SOLUTIONS.

Introducing LP BurnGuard™ FRT OSB. Along with LP® FlameBlock® Fire-Rated Sheathing, LP now offers two OSB technologies to help you meet fire-related code requirements, including FRT performance and 1- and 2-hour fire-resistance ratings for walls. These two products help you stay prepared for almost any project, empowering you to protect your build and business with flexibility.

	LP® FLAMEBLOCK® FIRE-RATED SHEATHING	LP BURNGUARD™ FRT OSB
<b>PRODUCT DESCRIPTION</b>	LP FlameBlock sheathing is made by applying LP's proprietary Pyrotite® coating on one or both sides of LP® OSB to provide burn-through and flame-spread resistance to the OSB panel.	LP BurnGuard FRT OSB is made by blending fire-retardant chemicals with the strands as part of the OSB manufacturing process.
<b>NOMINAL PANEL SIZES</b>	4x8, 4x9, 4x10	4x8
<b>PERFORMANCE CATEGORY (SPAN RATING)</b>	7/16 (24/16) 15/32 (32/16) 19/32 (40/20)	7/16 (Wall-24 oc) 15/32 (24/16)
<b>GRADE</b>	APA Rated Sheathing and APA Structural I Rated Sheathing	APA Rated Sheathing
<b>ASSEMBLIES</b>	Proprietary assemblies U348, U349, U350, V337, V340	Proprietary assembly U349 and with multiple gypsum assemblies when a wood structural panel is required
<b>WARRANTY</b>	20-Year Limited Warranty	20-Year Limited Warranty
<b>APPLICATIONS</b>	<ul style="list-style-type: none"> <li>• Roof sheathing for 4 feet on both sides of fire wall of Types III, IV and V construction and for townhouse separations</li> <li>• Exterior walls and roof sheathing of Types I &amp; II construction, 2-sided FlameBlock panels required</li> <li>• Thermal barrier for separating foam plastic insulation</li> <li>• Component of fire-resistance-rated construction (assemblies)</li> <li>• Wall sheathing for exterior walls and Type III construction, 2-sided FlameBlock panels required</li> <li>• Class A interior finish material for Type V construction</li> </ul>	<ul style="list-style-type: none"> <li>• For use in interior applications where FRTW is allowed by code</li> <li>• Component of fire-resistance-rated construction (assemblies)</li> </ul>

## HOW TO CHOOSE?

Choose LP FlameBlock Fire-Rated Sheathing for advanced builds needing advanced protection. Choose LP BurnGuard FRT OSB for elevated fire resiliency essentials.
