

PROTECT YOUR HOME FROM THE INSIDE OUT WITH LP STRUCTURAL SOLUTIONS

Help protect what's most sacred—the people who live inside your home. Even though the bones of your home aren't visible every day, establishing a structure that will hold up to harsh weather conditions is important. With proven solutions for wall and roof sheathing and sub-flooring, the LP Structural Solutions portfolio can provide the assurance you need for safety, security and efficiency.

- Proven to help endure the elements as natural disasters become more common
- May reduce overall build time to allow you to move in sooner
- Can contribute to lowered energy bills for more financial flexibility
- Helps protect the environment with sustainable products
- Backed by some of the best warranties in the industry for complete peace of mind

PROVEN STRUCTURAL RESILIENCY FOR PROTECTING WHAT'S MOST IMPORTANT

The LP Structural Solutions portfolio helps you build a strong home. From energy savings to material and labor savings, LP Structural Solutions products can help you save and may reduce overall build time. In addition, LP's dedication to sustainable resources and warranties that give you true peace of mind mean that building with us is about more than sub-flooring and sheathing. It's about Building a Better World™, starting with your home.

LP® TECHSHIELD® RADIANT BARRIER

- Designed to reduce attic temperatures by up to 30° F
- May contribute to energy savings and lower bills

LP NOVACORE™ THERMAL INSULATED SHEATHING

- Defends against heat loss in the winter and heat gain in the summer
- May contribute to labor and energy savings

LP® FLAMEBLOCK® FIRE-RATED SHEATHING

- Designed to slow the spread of flames in the event of a fire
- Provides structural strength and added peace of mind

LP WEATHERLOGIC® AIR & WATER BARRIER

- Creates a barrier against moisture and air intrusion
- May contribute to labor and energy savings

LP LEGACY® PREMIUM SUB-FLOORING & LP® TOPNOTCH® 350 SUB-FLOORING

- Two strong and stiff options for sub-flooring
- Provides a solid foundation for many flooring materials, such as tile
