

ELEVATE YOUR BUILD

LP Structural Solutions offers a portfolio of premium products that work together to elevate your build for greater resiliency. LP's high-performance panels and integrated technology help protect your build—and what's inside—for years to come.

Click on each product for more information.

LP® TECHSHIELD® RADIANT BARRIER

Helps block radiant heat in the roof panel from emitting into a home's attic, reducing attic temperatures by up to 30° F.

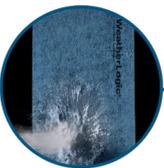

LP NOVACORE™ THERMAL INSULATED SHEATHING

Combines OSB sheathing with Owens Corning® FOAMULAR® NGX™ XPS foam for continuous insulation.

LP® FLAMEBLOCK® FIRE-RATED SHEATHING

Combines flame-spread and burn-through resistance in panels evaluated to help meet code requirements with greater design flexibility.

LP WEATHERLOGIC® AIR & WATER BARRIER

Seals out moisture and air as a system, safeguarding homes with a tighter building envelope.

available at
amazon

Use with LP WeatherLogic® Flashing & Seam Sealant or Tape for a complete moisture management system.

LP® TOPNOTCH® 350 SUB-FLOORING

Engineered for stiffness and strength with unique RainChannel® notch system to help drain rainwater away during construction.

LP LEGACY® PREMIUM SUB-FLOORING

Engineered to be one of the strongest sub-floors on the market and made with Gorilla Glue Technology®.

USE LP SUB-FLOORING with LP Structural Solutions Premium Sub-Floor Adhesive, designed to help reduce squeaks.
