
CREATIVE ENERGY VANCOUVER PLATFORMS INC.

15. RATE SCHEDULE

Applicability: The Core steam network and NEFC hot water network served by the Core TES Utility.

Class of Service: Thermal Energy Service.

Thermal Energy Service Rates:

For customers connected to the Core steam network:

\$ 15.07 per thousand pounds (M#) of steam for the first 50 M# of steam per month
\$ 12.76 per M# of steam for the next 150 M# of steam per month
\$ 11.29 per M# of steam for the next 800 M# of steam per month
\$ 8.96 per M# of steam for the remainder per month

For customers connected to the NEFC hot water network, applying a 0.347 MWh/M# conversion factor:

\$ 43.43 per MWh of thermal energy for the first 17 MWh of thermal energy per month
\$ 36.77 per MWh of thermal energy for the first 52 MWh of thermal energy per month
\$ 32.54 per MWh of thermal energy for the first 278 MWh of thermal energy per month
\$ 25.81 per MWh of thermal energy for the remainder per month

Effective January 1, 2023, the rates above include an interim rate increase approved by Order G-379-22.

Fuel Cost Adjustment Charge (FCAC):

For customers connected to the Core steam distribution network:

FCAC	\$19.40 per M# of steam
Rate Rider - Stabilization Account Amortization	\$2.00 per M# of steam
Total	\$21.40 per M# of steam

FCAC charge effective May 1, 2023, on an interim basis as approved by BCUC Order G-97-23.
Rate Rider charge effective February 1, 2022, as approved by BCUC Order G-55-22 and remaining until December 31, 2023, on an interim basis as approved by BCUC Order G-97-23.

For customers connected to the NEFC hot water distribution network, applying a 0.347 MWh/M# conversion factor to the approved charges above.

FCAC	\$55.87 per MWh of thermal energy
Rate Rider - Stabilization Account Amortization	\$5.76 per MWh of thermal energy
Total	\$61.63 per MWh of thermal energy
