

ForGround by Bayer

REDEKOP™

Redekop Manufacturing is a team dedicated to designing custom solutions for the agriculture industry. Redekop products focus on improving crop residue management, helping farmers produce more with less.

Through the Redekop collaboration, farmers receive a discount on Redekop's Seed Control Unit. This device is a mechanical mill solution that reduces the risk of resistant weed pressures commonly seen in reduced tillage situations. The Redekop MAV chopper also allows for improved crop residue distribution across the cutting width of the combine

Redekop SCU DISCOUNT

Open to all ForGround Members

As a ForGround member you can claim an exclusive **3%** discount on the Redekop Seed Control Unit (SCU) when purchasing a new unit direct from Redekop or pre-installed through your local Redekop dealer. The SCU is available for install on a wide variety of combines, some of the most common below:

To Redeem:

Available for:

1 Purchase a new SCU (pre-built/custom, self-installed/pre-installed) from **Redekop Manufacturing direction** or a certified **Redekop dealer** prior to September 30, 2024

2 Provide your dealer or Redekop salesman with this document or the code below:

REDEKOP2023FG

Make	Model
John Deere	Sx70, Sx80
	Sx90 (Class 7-9)
Case IH	X230, x240
	x250 (AFX Flagship)
CLAAS	8600, 8700, 8800
