Fee Schedule

DIRECT TRADING MEMBERS

Membership Fee:

- crypto.com | Derivatives North America does not charge a Membership fee to join the Exchange.

Initial Deposit:

- Direct Trading Members must make a successful initial deposit, but not in any specific amount. No minimum balance is required.

Transaction Fees:

crypto.com | Derivatives North America charges no fee for orders placed, cancelled or amended.

For cryptocurrency Event Contracts, Direct Trading Members incur a \$0.15 Exchange trading fee per contract per side for each lot executed. Direct Trading Members incur a \$1.00 Exchange trading fee per contract per side for each lot executed in all other products.

Settlement Fees:

crypto.com | Derivatives North America charges no fee for contracts that settle out-of-the-money.

Direct Trading Members incur an Exchange settlement fee per contract per side for each contract that settles in-the-money based on the position size at expiration according to the following schedule:

- \$0.15 for each cryptocurrency Event Contract lot settled in-the-money, and \$1.00 for each lot settled in-the-money in all other products.

If the per-contract settlement payout is greater than \$0, but the total fee to be charged for the position exceeds the total settlement payout for that position, crypto.com | Derivatives North America will reduce its fee to the amount of the total settlement payout for that position (that is, crypto.com | Derivatives North America will not charge a settlement fee that exceeds a settlement payout).

Inactivity Fees:

Direct Trading Members who have a dormant account, that is, an account that has not engaged in any trading activity for a period of twelve (12) consecutive months, will incur an inactivity fee of \$10.00 per month. If at any time a Direct Trading Member's account is subject to an inactivity fee but the account balance is less than \$10.00, crypto.com | Derivatives North America will reduce its fee to the amount of the remaining account balance bringing the balance to \$0.

No account balance will become negative as a result of the inactivity fee. A Direct Trading Member who engages in trading activity after a 12 month dormancy will not be charged an inactivity fee until the account again becomes dormant. A dormant account that has a \$0 balance may be terminated by crypto.com | Derivatives North America pursuant to Rule 3.3.

FCM MEMBERS

Membership Fee:

- crypto.com | Derivatives North America does not charge a FCM Membership fee to join the Exchange.

Minimum Balance:

- FCM Members are required to make an initial deposit of at least \$100,000 and to maintain a minimum balance of uncommitted funds of \$50,000.

Transaction Fees:

crypto.com | Derivatives North America charges no fee for orders placed, cancelled or amended.

FCM Members incur an Exchange trading fee per contract per side for each contract executed based on order size according to the following schedule:

- \$0.35 for each lot traded from 1 up to and including 10 lots;
- \$0.00 for each lot traded over 10.

MARKET MAKER MEMBERS

Membership Fee:

- crypto.com | Derivatives North America does not charge Market Makers a membership fee.

Minimum Balance:

Market Makers are required to make an initial deposit of at least \$500,000 and to maintain a minimum balance of uncommitted funds of \$250,000 to collateralize the trades executed on crypto.com | Derivatives North America.

Transaction Fees:

crypto.com | Derivatives North America charges no fee for Market Maker quotes placed, cancelled or amended.

crypto.com | Derivatives North America charges its non-intermediated Market Makers an Exchange trading fee of \$0.05 per contract per side for each cryptocurrency Event contract, \$0.70 per contract per side for each Binary and Call Spread trade executed in all other products, and \$0.50 per contract per side for each Touch Bracket™ Knock-Out trade executed on crypto.com | Derivatives North America.

Settlement Fees:

crypto.com | Derivatives North America charges its non-intermediated Market Makers an Exchange settlement fee of \$0.05 per contract per side for each cryptocurrency Event contract, \$0.70 per contract per side for each Binary and Call Spread contract that settles in-the-money and \$0.50 per contract per side for each Touch Bracket™ Knock-Out contract that settles in-the-money. If the total fee to be charged for the position exceeds the total settlement payout for that position, crypto.com | Derivatives North America will reduce its fee to the amount of the total settlement payout for that position (that is, crypto.com | Derivatives North America will not charge a settlement fee that exceeds a settlement payout).

crypto.com | Derivatives North America charges no fee for contracts that settle out-of-the-money.

Additional Fees:

Market Makers will be assessed a Wide Spread Surcharge equal to 50% of the average per lot profit above \$2.00 (after standard transaction and settlement fees), in a given month. This Surcharge is applicable only to Binary contracts.

Settlement Fees:

FCM Members incur an Exchange settlement fee per contract per side for each contract that settles in-the-money based on the position size at expiration according to the following schedule:

- \$0.35 for each lot settled in-the-money.

If the per-contract settlement payout is greater than \$0, but the total fee to be charged for the position exceeds the total settlement payout for that position, crypto.com | Derivatives North America will reduce its fee to the amount of the total settlement payout for that position (that is, crypto.com | Derivatives North America will not charge a settlement fee that exceeds a settlement payout).

crypto.com | Derivatives North America charges no fee for contracts that settle out-of-the-money.
