RULES 1.1 – 11.3 [UNCHANGED]

#### RULE 12.1 TERMS THAT ARE UNIFORM ACROSS CONTRACTS

There are certain terms that are uniform across Contracts.

- (b) The minimum unit of trading for each Contract is one Contract.
- (c) All Contract prices are quoted in U.S. dollars and cents per Contract.
- (d) The minimum quote increment for each Contract is \$.01 per Contract.
- (e) All Expiration Values will be posted on Nadex's website no later than the close of business of the Expiration Date of a Contract Series.
  - (e) At the time Nadex sets the Payout Criterion for any Binary Contract, Nadex will review its then-existing Binary Contracts in the same Class having the same Expiration time. No new Binary Contract in that same Class and having the same Expiration time will be offered with the same Payout Criterion. Instead, in instances where a duplicate Payout Criterion would be generated under the applicable product rule, the Payout Criterion for that Contract will be adjusted by pre-determined levels which shall be published on the Nadex website.
- (f) All Nadex Binary ~~Swap~~ Contracts and Variable Payout Contracts are deemed to be "swaps" as defined in 17 USC 1a(47).
- (g) **Halted Markets** - In the event that any market irregularities are declared by the Chief Executive Officer of the Exchange, a market may be halted for trading, and the Commission will be notified, if required, pursuant to Commission Regulations. An explanation will be posted on the Nadex Notices section of the website within a reasonable amount of time but no later than 24 hours after the initiation of the halt.
- (h) **Discretion to Refrain from Listing Contracts** - Nadex may, in its discretion, temporarily refrain from the listing of any contract due to the unavailability of the underlying market upon which the Contract is based, or any other condition Nadex determines may be detrimental to the listing of the Contract.
- (i) **Limit Up/Limit Down** - In the event the corresponding underlying market upon which any Nadex contract is based is subject to a lock limit up or down, Nadex may halt trading

in its related market, and/or refrain from listing contracts in that market, until trading resumes in the underlying market. Should Nadex halt and/or refrain from listing contracts pursuant to this section, notice of the halt, and any adjustments to the settlement process, will be posted on the Notices page as soon as practicable.

~~(i)~~**(j) Contract Modifications** - Specifications shall be fixed as of the first day of trading of a contract. If any U.S. governmental agency or body issues an order, ruling, directive or law that conflicts with the requirements of these rules, such order, ruling, directive or law shall be construed to take precedence and become part of these rules, and all open and new contracts shall be subject to such government orders.

~~(j)~~**(k) Volume Threshold Level** - The current Volume Threshold Level is 250<sup>1</sup> contracts or more per day.

~~(k)~~**(l) Adjustment of Acceptable Bid/Ask Spread for Currency Settlement** – Nadex may adjust the parameters of the acceptable bid/ask spread in any underlying foreign currency market when determining the midpoint price in connection with the collection of market data used in the calculation of the expiration value of a Nadex Foreign Currency Binary or Variable Payout contract, as Nadex deems necessary or appropriate based on the underlying market conditions in order to produce an accurate representation of the underlying market value for settlement purposes. Any adjustment to the acceptable spread will be indicated on the Nadex website on the Notices page.

#### ~~(l)~~**(m) CONTRACT DURATION**

(i) **Daily Contracts** means a Series of Contracts that have an Expiration Date within 24 hours after they are issued.

(ii) **Intraday Contracts** means a Series of Contracts that expire on the same trade date as, and within nine hours or less, of issuance.

(iii) **Weekly Contracts** mean a Series of Contracts that have an Expiration Date that is no less than four calendar days and no greater than seven calendar days from the date on which the contracts are issued.

<sup>1</sup> The volume threshold level of 250 contracts or more per day was set pursuant to No-Action Letter No. 16-32, issued on April 8, 2016, which allows the level to be set at 250 through September 28, 2017. This relief was extended on September 25, 2017 in CFTC Staff Letter 17-45, and the 250 volume threshold level will continue until September 28, 2020, and then to 100 contracts or more per day through August 29, 2018.
