THE B&O SOUND SYSTEM IN THE 2022 FORD RANGER

Vehicle line drawing for reference only.

MUSIC CAN TRANSFORM YOUR DAILY LIFE

The B&O Sound System delivers a premium audio experience that is unique in this truck segment. The rich and powerful sound provides listening pleasure for all passengers and complements the vehicle's bold character.

THE PERFECT SOUND FOR EVERY DRIVE

During hundreds of tuning hours, the sound system is adjusted to support superior sound performance, regardless of the road ahead.

DESIGNED TO TOUCH THE SENSES

Inspired by Bang & Olufsen home products, the iconic speaker grille design blends seamlessly into the interior of the Ford Ranger and incorporates design elements of anodized aluminum.

Power Manager

Tuning

To ensure the listening experience from a stationary car is maintained while driving, regardless of the conditions, the cabin undergoes over 1,200 hours of static and dynamic sound tuning for different cabin variations.

DESIGN SPECIFICATIONS

Design Theme

Radiating Design

Design Elements

Derived from the iconic product design of the Bang & Olufsen products for the home.

The radiating hole pattern supports the acoustic transparency.

Anodized aluminum badges engraved with the B&O logo elegantly identify the B&O Sound System.

Holes at the edge of the speaker grilles gradually decreasing in size in order to blend seamlessly.
