

Sound that moves with the times.

A new era is here. One where incredible sound goes with you and is built to last. This is Beoplay H100.

A headphone experience that reaches back into decades of history to redefine your listening future. The possibilities? Many. The moment? Immersive.

Beoplay H100 transforms with the times and transcends what a headphone can be. With you for all the songs and sounds to come.

Why you'll love it

-  Take your listening to new heights. H100 features Hi-Res, spatial audio (Optimised for Dolby Atmos®). All tuned by our in-house tonemeisters.
-  Stay focused with 10 studio-grade microphones for superior noise cancellation and TrueTransparency™ technology.
-  H100 is modular at heart. Enjoy extended longevity with a swappable headband, ear cushions and the replaceable batteries*.
-  Move from music to the outside world in a twist. H100 features our carefully crafted haptic dial for a silky-smooth transition to your surroundings.
