

THE B&O SOUND SYSTEM IN THE 2020 FORD MUSTANG

THE B&O SOUND SYSTEM IN THE 2020 FORD MUSTANG

Vehicle line drawing for reference only.

POWER MEETS PERFORMANCE

The powerful 900 W / 12 speaker system features high performance 3-way speakers in the front doors for an even more refined sound reproduction in the car.

ENJOY THE TRACK

B&O perfectly matches the acoustic signature of the Mustang, providing an energetic and engaging sound for truly enjoyable driving experiences.

SOUND TO MATCH

The tuning of the sound system took the unique contours of the Ford Mustang into consideration, ensuring that the sound is perfectly tailored to the car.

Tuning

The Ford Mustang has undergone static and dynamic sound tuning to ensure that the listening experience in a stationary state is maintained while driving, regardless of the conditions.

DESIGN SPECIFICATIONS

Design Theme

Linear Design

Design Elements

Derived from the iconic product design of the Bang & Olufsen products for the home.

The linear pattern supports the acoustic transparency.

Lateral fading helps the speaker grilles blend seamlessly with the interior.
