Beoliving Intelligence is an innovative smart home hub that enhances the way you live, allowing you to control your entire home the Bang & Olufsen way: simple, elegant, intuitive.

Beoliving Intelligence is a small box designed to be hidden away, working its magic behind the scenes. It can be mounted on the wall or placed in a media cabinet. Featuring a simple connection panel, Beoliving Intelligence is easy to set up, and can be powered with an AC power supply (included) or Power over Ethernet.

Beoliving Intelligence provides you with a scalable solution that can be personalized to meet the specific needs of your home. Out of the box, Beoliving Intelligence comes in Essential mode, allowing for easy configuration and simple control of your connected home. For more advanced home automation needs, upgrade to Beoliving Intelligence Pro with a one-time paid license, and experience a sophisticated and fully immersive smart home solution.
