

Beolving Intelligence is an innovative smart home hub that enhances the way you live, allowing you to control your entire home the Bang & Olufsen way: simple, elegant, intuitive.

Beolving Intelligence is a small box designed to be hidden away, working its magic behind the scenes. It can be mounted on the wall or placed in a media cabinet. Featuring a simple connection panel, Beolving Intelligence is easy to set up, and is powered via a USB-C power supply (included) or using Power over Ethernet (adaptor needed).

Beolving Intelligence provides you with a scalable solution that can be personalized to meet the specific needs of your home. Out of the box, Beolving Intelligence comes in Essential mode, allowing for easy configuration and simple control of your connected home. For more advanced home automation needs, upgrade to Beolving Intelligence Pro with a one-time paid license, and experience a sophisticated and fully immersive smart home solution.

Basic

Other information

VOICE ASSISTANT

Beoliving Intelligence is compatible with Google Assistant, Amazon Alexa and even integrates with Siri through Apple Shortcuts, allowing you to control your entire home just by using your voice. Lower the shades, dim the lights, adjust the temperature, or turn on your favorite music. To get started, just say, "Alexa", "Okay Google" or "Hey Siri" followed by a simple command.

BANG & OLUFSEN X KHIMO

Beoliving Intelligence is made in cooperation with Khimo. Read more about Khimo and Beoliving Intelligence on <https://khimo.github.io/>.
