

**PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.329(a)**

**Notice Date:** August 15, 2025

**Subject: Switch Decommission, Switch Power Down**

**Carrier:** Valor Telecommunications of Texas  
dba Windstream Communications Southwest  
2101 Riverfront Dr.  
Little Rock, AR 72202

**Notice ID:** Network Change Notice SD Oklahoma 003

**Contact:** For additional information on the planned network changes, please contact:  
James Seegar  
Uniti  
236 W. Center Ave., Mooresville, NC 28115  
704-845-7466 or 704-728-2272  
[James.Seegar@windstream.com](mailto:James.Seegar@windstream.com)

**Change Effective Date:** On or after February 15, 2026

**Planned Network Change(s) will occur at the following locations in Oklahoma:**

<b>Uniti Central Office</b>	<b>Address</b>	<b>CLLI</b>
Broken Arrow OK GTD-K Switch	5301 S ELM PL, BROKEN ARROW, OK	BRAROKXCDS0
Broken Arrow, OK META Switch	5301 S ELM PL, BROKEN ARROW, OK	BRAROKXCRP0

Website Link to Notice Posting: <https://www.windstream.com/about/legal/network-change-notifications>

**Additional Details:**

**Description of the Planned Network Change(s):**

The GTD5 switch, located at 5301 S Elm Pl, Broken Arrow, OK, will be retired and removed from Uniti's network as a result of network modernization and consolidation after all traffic served by these switches is migrated to the BRAROKXCRP0 Metaswitch. All traffic will need to be routed to the BRAROKXCRP0 Meta Switch, located at 5301 S Elm Pl, Broken Arrow, OK. All A-blocks have been moved to BRAROKXCRP0 Metaswitch. All traffic to be migrated

includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless and paging traffic.

**Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):**

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the BRAROKXCRP0 Meta Switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the BRAROKXCDS0 GTD5 switch will be required to reposition the codes to the BRAROKXCRP0 Meta Switch.

All ASRs for the BRAROKXCRP0 Meta Switch must be received no later than December 15, 2025, in order to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the BRAROKXCDS0 GTD5 switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the BRAROKXCDS0 GTD5 switch (on or after December 16, 2025). This will serve to guide interconnect re-routes of Uniti traffic for native codes currently served by the BRAROKXCDS0 GTD5 switch to reflect the BRAROKXCRP0 Meta Switch as the new home switch. All ASRs for the BRAROKXCRP0 Meta Switch must carry the project code of BRAROKXCRP0.
