PUBLIC NOTICE OF COPPER RETIREMENT UNDER RULE 51.333
NETWORK CHANGE NOTICE SD NEW MEXICO 002

Notice Date: October 28, 2026

Carrier: Valor Telecommunications of Texas, LLC
dba Windstream Communications Southwest
2101 Riverfront Drive
Little Rock, AR 72202

Contact: For additional information on the planned network changes, please contact:
wci.windstream.resale.support@uniti.com

Change Effective Date: On April 28, 2027

Planned Network Change(s) will occur at the following locations in New Mexico:

Windstream Exchange	Exchange ID
LINDRITH	NM300LNDR
HILLSBORO	NM300HLBO

Website Link to Notice Posting: https://www.gokinetic.com/about/legal/network-change-notifications (Network Change Notice SD New Mexico 002)

Description of the Planned Network Change(s):
Windstream intends to retire the copper and facilities at all remaining locations in the two (2) exchange listed above. Windstream has or will deploy fiber-to-the-premises network in these areas and intends to provide services on a go forward basis over a fiber network infrastructure. Updating our network from copper to fiber benefits our customers because of fiber's resiliency and reliability, especially in inclement weather. Fiber also provides our customers with expanded capabilities to grow with current bandwidth demands for their home or business.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

After the retirement of the copper facilities, Windstream will: (1) no longer offer any services, including ethernet over copper facilities; and (2) cease maintaining the copper facilities. To help ensure an orderly transition, Windstream may require customers and interconnecting entities to migrate services off of copper facilities well before the copper retirement implementation date.
