

NOTICE OF PUBLIC REVIEW

FY 2026 – 2029 Statewide Transportation Improvement Program (STIP)

The State of Tennessee has opened the public comment period for the Fiscal Years 2026 – 2029 Statewide Transportation Improvement Program (STIP). The draft STIP is now available for public review on the TDOT website, and printed copies have been distributed to TDOT Regional Offices as of February 9, 2026. The STIP is a federally required planning document that programs transportation projects statewide and enables the use of federal transportation funds in Tennessee. These funds support projects included in Tennessee's 10-Year Project Plan, which is updated annually as part of the state budget process. When new projects are added to the 10-Year Plan, the STIP is amended accordingly to ensure alignment between state priorities and federally funded investments. The FY 2026 – 2029 STIP outlines proposed transportation investments across Tennessee over the next four years. Tennesseans are encouraged to review the proposed updates and provide feedback during the public comment period. Written comments will be accepted through March 16, 2026. All comments received during the public comment period will be reviewed and considered before the STIP is finalized and submitted for federal approval.
