ABOUT THE INITIATIVES

01

HELPING HANDS

The pandemic has been not the most kind to us, but it has been even worse for the deprived people and therefore our initiative birthed out of the need to make their lives better by providing them resources for entertainment and education like books, clothes footwear, board games etc.

02

SUNDAY4SECUREDUTURE

S4SF is a movement to encourage youth all around the world to take at least one climate action every Sunday, keeping in mind “We do not inherit the earth from our ancestors; we borrow it from our children

03

SHE HYGIENE

She Hygiene is our social initiatives that aims to fulfill the need of underprivileged menstruating females by providing them with eco-friendly sanitary pads on a monthly basis.

SUNDAY4SECUREDUTURE

We planted about 59 trees and participated in two Yamuna cleaning projects in August . We also commemorated the 75th anniversary of India's historic freedom by participating in the "Azadi Ka Amrit Mohotsav" and planting trees. Through planting trees and cleaning our rivers, #WeRiseTogether stands for #ClimateAction.

SHE HYGIENE

The We Rise Together team gave 750 environmentally friendly sanitary pads to women and girls who had been impacted by the recent Delhi floods in the month of August. We appreciate Civil Defence's support of our operations in the camps. Our mission is to aid as many women as we can with menstrual hygiene-related products while also educating more and more women about menstruation i.e one of the fundamental biological processes of life.

MY FIRST PERIOD

We had an interesting conversation with Ms. Shola Delip in the sixth MyFirstPeriod episode. She represents Northstowe, a small town in Cambridgeshire, as the town council. Ms. Dilip is a She Hygiene UK member who educates women about period hygiene. Additionally, they provide poor women access to free period supplies and work to end period poverty among them. Menstrual Hygiene for All 'Petition'

Our petition this month was titled, Without good #MenstrualHygiene, #menstruators might become prone to several period-related disorders include urogenital infections, fungal infections, urinary tract infections, and even cervical cancer. Aarav Seth (13) and Shreya Tuli (18) have started the petition "#MenstrualHygieneForAll" to include menstruation education in the curriculum starting in 6th grade after being alarmed by the results. For a brighter tomorrow, please sign and share this petition at: <https://chng.it/98P5ZfVZ>.

THANK YOU!
