SUNDAY4SECUREDUTURE

"Where there are Trees, there is Life."

On the occasion of New Year 2023, the We Rise Together team planted trees to mark a green beginning of the following year. To celebrate 74 years of Republic India, paying respect to Article 51A(g) of the Constitution, our team planted trees because we must save ourselves before we become a danger to ourselves. Let us make a resolution to make the world more livable, better and sustainable in 2023.

SHE HYGIENE

This month, the We Rise Together team aided 239 women & girls to improve their menstrual hygiene by providing them with biodegradable sanitary pads. Our team is continuously trying to work towards the betterment of this society. We want each and every girl and women to be educated about menstrual hygiene, so that they have access to the basic necessities of life. It is a step to help those who need it the most!

MENSTRUAL HYGIENE FOR ALL 'PETITION'

Without proper Menstrual Hygiene, menstruators might become prone to several period-related disorders including urogenital infections, fungal infections, urinary tract infections, and even cervical cancer.

Aarav Seth (14) and Shreya Tuli (18) have started the petition "#MenstrualHygieneForAll" to include menstruation education in the curriculum starting in 6th grade after being alarmed by the results.

For a brighter tomorrow please sign and share this petition.
