# ABOUT THE INITIATIVES

## 01

### HELPING HANDS

The pandemic has been not the most kind to us, but it has been even worse for the deprived people and therefore our initiative birthed out of the need to make their lives better by providing them resources for entertainment and education like books, clothes footwear, board games etc.

## 02

### SUNDAY4SECUREDUTURE

S4SF is a movement to encourage youth all around the world to take at least one climate action every Sunday, keeping in mind “We do not inherit the earth from our ancestors; we borrow it from our children

## 03

### SHE HYGIENE

She Hygiene is our social initiatives that aims to fulfill the need of underprivileged menstruating females by providing them with eco-friendly sanitary pads on a monthly basis.

# SUNDAY4SECURED FUTURE

The We Rise Together team believes in not only speaking about saving environment but actually doing it. Rather it be festival of colors or our team member's birthday, we always try to celebrate it by planting trees. We plant and clean the surroundings to fulfill our vision of creating a greener world. Not only planting for our own benefit but to payback nature's contribution for us.

# SHE HYGIENE

In the month of March, the We Rise Together team gave away eco-friendly sanitary pads and menstrual cups to 198 deprived women and girls. Awareness is the key so we made the junior staff at IPS, Indirapuram aware of spreading education about periods among the men in their house & also introduced menstrual cups to them - a sustainable alternative. To #BreakTheTaboo, our team is continuously working the best way we can.
