ABOUT THE INITIATIVES

01

HELPING HANDS

The pandemic has been not the most kind to us, but it has been even worse for the deprived people and therefore our initiative birthed out of the need to make their lives better by providing them resources for entertainment and education like books, clothes footwear, board games etc.

02

SUNDAY4SECUREDUTURE

S4SF is a movement to encourage youth all around the world to take at least one climate action every Sunday, keeping in mind “We do not inherit the earth from our ancestors; we borrow it from our children

03

SHE HYGIENE

She Hygiene is our social initiatives that aims to fulfill the need of underprivileged menstruating females by providing them with eco-friendly sanitary pads on a monthly basis.

SUNDAY4SECUREDUTURE

The environment gives us countless benefits that we can't repay our entire lives. So the #WeRiseTogether team is planting trees every month to secure the #Right2Breath. We are working constantly on ground level by planting at parks and societies. With this, we also did a cleanup drive in a park with Mission100CroreTree team where we planted and collected 30 kgs of plastic waste.

“When you clean your surroundings you may end up cleaning yourself.”

SHE HYGIENE

This month the #WeRiseTogether team conducted one she hygiene drive as we aim to erase the taboo against periods and provide every girl child and woman with the right to period products. Our team provides 100% compostable sanitary pads to deprived women and girls. In the month of November, the team provided eco-friendly sanitary pads to 391 girls. We believe that #MenstrualHygiene is not a luxury but a basic right of every single woman or girl. Breaking the stigma and helping the deprived are things we are ceaselessly trying to work on.

MENSTRUAL HYGIENE FOR ALL 'PETITION'

Without proper Menstrual Hygiene, menstruators might become prone to several period-related disorders including urogenital infections, fungal infections, urinary tract infections, and even cervical cancer.

Aarav Seth (14) and Shreya Tuli (18) have started the petition "#MenstrualHygieneForAll" to include menstruation education in the curriculum starting in 6th grade after being alarmed by the results.

For a brighter tomorrow please sign and share this petition.
