

General mandate to handle my affairs through public digital services on Ísland.is

I hereby authorise the party listed below to act on my behalf with the public digital services that use the Ísland.is Authorisation System.

By doing so, I agree that the person has access to all my data from authorities that use that system, including data in my Digital Mailbox on My Pages, including information related to my health, assets, finances and family relations according to the National Registry and more.

The mandate also includes authorisation for the individual to submit applications in my name to the authorities that use the Authorization System.

Anything done under this general mandate is treated as though the grantor did it themselves.
