

Clinical Training at Akureyri Hospital, Iceland

Dear XX

We welcome you to join us for clinical training as requested by your school / yourself during the period. We hope that your time will be stimulating and enjoyable both professionally and personally.

- Your clinical ward / unit: XX from xx.xx.xxxx6-xx.xx.xxxx

Before and on your arrival

Please note that you cannot start on the ward before you have handed a **negative MRSA test certificate to us**. Please bring the certificate with you and verify that you have not taken care of a patient in a health care institution abroad after the test was done. For your own emergency health care please bring an EES / or Nordic health insurance ID. You will be asked to sign a declaration of confidentiality. A hospital ID card will be issued to you and you must wear it and return it on your last day. You are offered a uniform (not hospital shoes) which you must pick up yourself daily in the linen room.

During your training period

Your training period is organized according to our capacities and your educational needs, as presented in the papers provided by your university. You will follow the shifts of your preceptor as much as possible. We will do our best to provide you with meaningful educational opportunities and we do expect you to share our responsibility by being active and taking initiative.

You can obtain meals in the cafeteria (coupons to be bought in the reception).

The Medical Library is located on the 2nd floor, next to the lecture room.

You are welcome to use the library as your place for study. There are ten seats at the library and we can offer you a variety of useful resources, i.e. medical databases such as Medline, Cochrane and UpToDate, and a wide range of electronic journals. Wi-Fi service is available and staff and students can bring their laptops or use the desktop computer in the library.

Meeting place: *Monday, xx^h month at Akureyri Hospital in the main entrance (called "B" entrance) at 08:00. I or someone else will meet you there.*

We wish you a successful stay with us,

Hugrun Hjorleifsdottir

manager of education, Akureyri Hospital

A teaching hospital affiliated with the University of Iceland and the University of Akureyri
