

WOW! Awarded \$2.39 Million Grant by the Alabama Department of Economic and Community Affairs to Expand its Footprint

Combined with WOW!'s \$1.02 million contribution, a total of \$3.41 million will be invested to grow WOW!'s network in Houston and Henry Counties in southeastern Alabama, targeting underserved areas

Englewood, Colo. – May 29, 2024 – [WOW! Internet, TV & Phone](#) (NYSE: WOW), a leading broadband services provider, today announced the company has accepted a \$2.39M grant through the [Alabama Department of Economic and Community Affairs](#) (ADECA) program. These funds represent an addition to WOW!'s contribution of \$1.02 million, for a total investment of \$3.41 million. WOW! will use the funds to extend its fiber network to serve nearly a thousand homes in Houston and Henry Counties in southeastern Alabama.

The ADECA program works to positively impact Alabama communities through partnerships, grant programs, and services to spur community and economic development and enhance quality of life. This grant will allow WOW! to primarily target underserved areas that can benefit from additional broadband options. In southeastern Alabama, WOW! currently serves the communities of Headland in Henry County and Dothan in Houston County.

“We thank ADECA for this generous grant to complement WOW!'s investment in the area as we look to offer more Alabama residents and businesses dependable options to meet their array of broadband needs, particularly in areas that currently have a lack of reliable and high-speed options,” said Teresa Elder, CEO of WOW!. “As we continue to focus on innovating for our customers, this additional expansion in southeastern Alabama, alongside our wider market expansion efforts, highlights our continued progress and commitment to bringing more communities our state-of-the-art broadband services.”

Once services are launched, even more residents in Houston and Henry Counties will experience WOW!'s reliable, high-speed network. Subscribers can sign up for WOW!'s all-fiber network and Internet plans with all-inclusive pricing, no annual contracts and no data caps, along with the necessary WiFi equipment to get started. WOW!'s broad suite of offerings also includes [WOW! mobile powered by Reach](#), comprehensive [business](#) solutions, and bundling options with [YouTube TV](#), one of the most popular and robust live TV video services.
