Customize Your Experience

When you first log-in to YouTube TV, you'll be prompted to customize your viewing experience. If you prefer to set these up later, you can always come back to customize your YouTube TV experience.

Personalize the Live Guide

YouTube TV does not have channel numbers, so we recommend putting your favorite channels at the top of the Live Guide and organizing them into groups to make surfing easier. Once you move your favorite channels to the top of the YouTube TV guide, your guide will always show them at the top. Just follow these steps:

1. From your mobile device or computer, select the **Live** tab.
2. Next select **Sort**, then **Edit** by the **Custom** option.
3. Click on **↑** to move a channel to the Top Channels section.
4. Select **=** to change the order of channels.
5. Click on **🔕** to hide a channel you don't watch.

Record Your Favorites

YouTube TV's Library stores your recordings and purchases. Recording programs lets you view them on your schedule and skip commercials. *Note that On-demand viewing does not allow you to skip commercials.*

1. Tapping the **+** records all current and upcoming airings and places them in your Library.
2. Find that icon by:
 - Clicking a program's image in the Live Guide, Home Page.
 - Using the down arrow while watching a program.
 - Selecting **⋮** below a program's image.

Create Different Profiles

With YouTube TV, you can create up to 6 profiles within your household. Each profile receives custom live guides, unlimited DVR space, and personalized recommendations.

- Select your profile picture, then **Settings**, then **Family Sharing**, then **Manage**.
- Send invitations so each family member to set up their preferences.
- Select a specific profile at log in to view the personalized settings.

Home Tab Recommendations

YouTube TV's home page highlights recommended content based on your viewing history and points out some features you may not know about.

- **Top Picks:** The more you watch, the more it learns, the better the recommendations become. You help by clicking on **⋮** and selecting **"Don't show me this."**
- **Multiview Combos:** Pick a channel with Multiview enabled to watch up to 4 channels on your screen at the same time - like news, weather, or sports.
- **Recommended Shows, Movies and Memberships:** Add to your library or subscribe to new services that match your taste.
- **Top News & Sports:** YouTube TV sifts through the clutter and highlights the most important news and sports updates and shows.
