Note: All loaners are subject to availability

ottobock.

Reference number:

Office use only

\* Required Fields

### Product Trial

### Required Date\*

#### Trial Units

The Nexgear Tango fit kit is designed to help clinicians select the right module and spring for the Nexgear Tango joint system. The kit allows clinicians to test all three modules and springs in order to find the right setting and alignment.

The fit kit includes all three function modules in all sizes, all Reaction-Springs and the required tools such as the mounting adapter, TORX® bits and TORX® wrenches.

Ottobock Australia offers 1 week free patient trials, in addition to 1 week travel time to and from Sydney (2 weeks total). A loaner fee of \$150 applies for each week the unit is outstanding after this time.
