

New: Advanced Line

Head supports product portfolio

New: Advanced line

The head and neck supports from the “Advanced line” combine durable shells with high-quality foam padding to provide soft and comfortable support.

They are ideally suited to home care and can be used in combination with the UniLink hardware. The removable, breathable covers are washable at up to 60 °C.

1 Comfort Plus

- Single pad head support
- For resting position, or to help counteract the force of gravity when the user tilts, tips or leans back
- Available in a wide range of sizes up to 360 mm wide

2 Tri-Comfort Plus

- Enhanced version of the Comfort Plus, additionally featuring angled lateral wings
- Concave shape with central pad
- Angled lateral wings hold the user’s head in a centred position

3 Adjustable Comfort Plus

- Enhanced version of the Comfort Plus, additionally featuring adjustable lateral wings
- Adjustable side pads for individual control of lateral flexion
- Sides can be angled 45° or more from the flat position
- Especially well suited for users with low muscle tone

4 Combo

- Three-piece head support, slimline design
- Lateral wings can be adjusted individually
- Intuitive and reliable adjustment
- Reliable control over lateral flexion
- Good pressure redistribution around the ears thanks to the anatomic design of the lateral wings

Ottobock Head support

Advanced line

The head and neck supports in the “Advanced” line are ideally suited to home care. They provide soft, comfortable support and come with removable covers which are washable.
