

connectgo.pro

connectgo.pro is the set-up app for O&P professionals to quickly and conveniently program Ottobock microprocessor knees joints. (**C-Leg**, **Kenevo**, **Genium**, **Genium X3**, and **Genium X4**)

Benefits

- Easy and direct connection to the prosthesis for complete set-up, no Bluetooth® dongle required
- Customize component settings to users mobility and needs
- Store, transfer or export component settings
- Existing product certifications remain valid and can be transferred for app access
- Quick access to training videos
- Convenient and simple switching and adjustment of **Kenevo** modes A, B, B+, and C
- iOS and Android (current version 2.0) compatible

Ottobock ID replaces MyOttobock

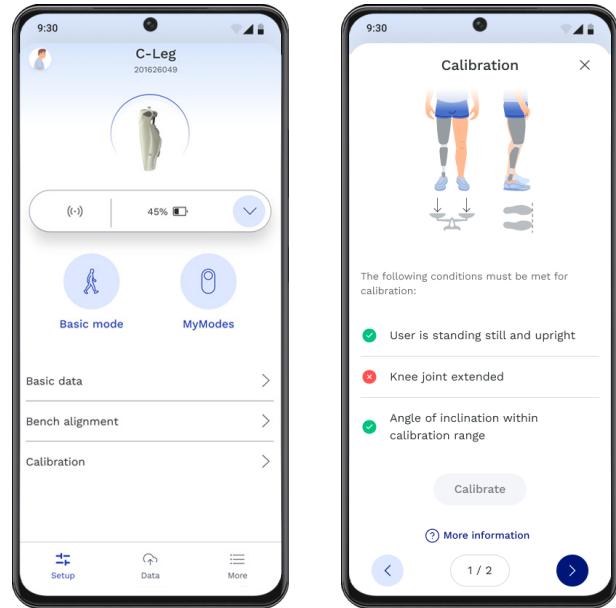

- The Ottobock ID replaces the MyOttobock account. You can log in with the same email address and password
- The Ottobock ID account in which certification are stored makes the app convenient to use on different mobile devices
- The Ottobock ID account is the key to a growing number of new apps, digital feature and related services from Ottobock.

Availability

- Available for all microprocessor knees (**C-Leg**, **Kenevo**, **Genium**, **Genium X3**, and **Genium X4**). Additional features and products will be released through regular updates.
- After a transition period, the Data Station will be phased out. New features will only be available through **connectgo.pro**

Operating system

- The minimum requirements for **connectgo.pro** are Android 12 and higher and iOS 15 and higher.
- Certain features available in select regions / countries. Contact MyOttobockSupport@ottobock.com
